Chapter 1

Authors Note:

Hi Guys. So this is the first Byler (Mike/Will) fanfiction that I've written. This chapter contains a bit of smut, and the later chapters will too. This story has underage sexual relations between two boys and is anti-Mileven, so if you don't like, don't read.

Please let me know what you think, and if you have any suggestions for later chapters, please leave it in the comments :)

Will was gay, and he was in love with his best friend.

He knew this the day he woke up abruptly at night, chest panting, and his pyjama pants soaked with hot loads of cum, with the name 'Mike' escaping his lips. Will always knew that he was a little queer. He'd often find himself lying awake at night, just thinking about Mike, and how he wanted to be more than just friends. But the day he woke up with cum soiled pyjama pants, Will knew that he was hungry for Mike.

Will sat down on the bleachers staring towards the field. He sighed. He didn't know what to do about the feelings growing inside of him. Will was always worried about what his friends would think of him if they found out that he was gay. Would they be weirded out and not want to be his friend anymore? Or would they accept him for what he was? But most importantly he wondered what Mike would think of him. Mike was his best friend and was the boy that Will always had to bury his feelings about.

Seeing Mike today at the Snowball dancing with El today, was hard for Will to endure, he was jealous of El. Jealous that she had Mike. So

he came out here because he didn't want Mike to see the jealousy. And the last thing he wanted was to ruin the night for Mike.

Will continued to just sit there, staring off onto the field, contemplating all the things he was feeling when he noticed a figure walking towards him. Will gulped. It was Mike.

Tonight Mike looked so sexy, and Will just wanted to ravage him from head to toe.

'Will what are you doing out here in the cold all alone.'

'Nothing, I'm just thinking,' replied Will.

Mike continued walked up the bleachers and sat next to Will. 'Thinking about what all alone out here?'

'It's nothing important Mike, don't worry. And shouldn't you be getting back to El, she'll be waiting for you inside the gym?'

'No I want to know what seems to be bothering you so much. And I'd much rather spend time with you anyways, you're much more appealing to look at. But El went home early, Hopper is still a bit paranoid and doesn't want her to be out late.'

Will blushed at Mike's comment.

'Mike... it's nothing really. Please just go inside and enjoy yourself I'll come inside just now,' insisted Will.

'Will, you're my best friend, so don't I deserve to know if anything is bothering you. Your problems are my problems. And friends don't lie, I can tell that it's something serious, otherwise you wouldn't be acting so uneasy.'

Will was getting anxiety. Mike is the one person he couldn't lie to, and now he'd have to tell him the truth. Even if it meant that Mike wouldn't want to be his friend anymore. But if Mike actually did like Will back, then that meant that he could be with Mike, and that's all he wanted right now.

'Okay Mike, I'll tell you. I have a crush on someone...'

'Oh,' Mike sounded surprisingly disappointed. 'What's her name?'

Will wondered why Mike didn't sound so happy about it. He expected Mike to be excited and really happy that Will has a crush...but Mike thinks it's on a girl.

'It's a he,' responded Will, looking forward so he could avoid eye contact with Mike. He was really nervous about telling Mike but was even more nervous about how Mike would respond to it.

Mike didn't know how to respond to Will. Mike really liked Will, as more than just a friend, and was now jealous, because it was obviously not on him.

'And I think I'm gay, and I'm worried about what you'd think of me knowing this, that's why I've been uneasy. And if you don't want to be my friend anymore it's fine, I understand.' said Will, still avoiding eye contact with Mike.

Mike immediately turned towards Will and grabbed him by the shoulders, looked at him straight in the eye, and gave him a warm loving hug.

Will hugged Mike back, and they just sat there for about a minute hugging.

Mike broke the hug and they both faced each other, looking straight in the eyes.

'Will, don't you ever think something like that again. You're my best friend, and if you like boys or girls or even both, I'll always stand by you and support you through no matter what, okay!'

'Okay Mike, I'm sorry for thinking that.'

'But Will, I also have to tell you something. I also like boys.'

Looking into Will's eyes staring right back at him, Mike seemed to get lost in them. Mike wanted Will as much as Will wanted Mike, but they just both didn't know it as yet.

Mike would get jealous when Will would go over to Dustin's or Lucas'

house, as he always wanted Will to himself, and to be included in whatever he was doing. He also thought back to the many sleepovers that he and Will had, when sometimes he would just find himself staring at Will as he slept. The way Will's chest moved when he breathed in and out. And how he would study all the fine details of Will's body, particularly his lips, Mike was obsessed with them.

Mike had never really acknowledged all these feelings he had for Will, only because he thought that whatever he was feeling for Will was just a phase and Will would certainly not like him back the same way. But Mike often found himself at night with his dick aching, and he'd jerk off to the thoughts of Will, nobody else.

'Umm well...I've known him for a really long time, we've been good friends since we were young, and he's really hot, but I'm scared he won't like me back.'

Will was very nervous, but he wanted Mike to know the crush is on him, and realise it's him that he's talking about

'My crush and I have also been friends for a really long time, and he's also super hot. And if your crush is a really good friend, then you shouldn't be afraid to tell him how you feel about him. Maybe he'll even like you back,' Mike hinted to Will.

The two were practically flirting with each other as they both were turned towards each other, faces just inches apart. The atmosphere was electric, and the two both grasped on to all the obvious hinting between them.

'Oh really, but how do I know if he likes me back?' Will innocently asked.

Will was always a shy boy, but whenever he was alone with Mike, it brought out a confidence in him that not many people saw.

'Oh trust me, he likes you back,' Mike replied, his eyes focused of Will's soft perfect lips.

And with a burst of confidence, Will surged forward and brought his lips to meet Mike's.

Mike couldn't believe what was happening, he didn't expect Will to kiss him so abruptly, but he liked it.

Will put his hands on Mike's face, as Mike kissed him back. Will broke the kiss and looked at Mike.

'Wow,' Mike said, shocked with Will's confidence.

Will looked straight at Mike, he was as happy as he could be, but he felt a bit naughty and wanted to play hard to get. So he got up and started walking away.

'I'll see you around Mike,' Will told Mike devilishly, and walked away, leaving Mike just sitting, with his mouth gaping open, and a throbbing boner. in awe of what just happened.

His best friend just kissed him, and he liked it.
